## INSTRUCTIONS

1. First, we are going to trace on the NCR pattern of the ghost to side of the mug. Use a red pen to firmly trace over all of the lines. Before you remove the pattern, hold it in place on the corner and peel back the pattern to check and see if you've traced on all of the lines.
2. Paint around the ghost to cover the outside of the mug with 3 coats of Chiffon.
3. Use a detail brush to fill in the pumpkin with 3 coats of Carnation.
4. Next, fill in the outside of the bow with 3 coats of Pretty in Pink using the detail brush.
5. Fill in the two inside sections at the top of the bow with 3 coats of Blush.
6. Trace on the NCR pattern of the words to side of the mug. Use a red pen to firmly trace over all of the lines. Before you remove the pattern, hold it in place on the corner and peel back the pattern to check and see if you've traced on all of the lines.
7. Fill in the letters with 3 coats of color: Carnation, Gumdrop, Pretty in Pink, and Fresh Heather.
8. Thin down the Battleship paint with 50% water to 50% paint. Use a liner brush to outline the ghost, pumpkin, bow, and create the smile.
9. Dip the handle of the detail brush into Battleship paint. Use the handle to tap on the eyes.
10. Finally, use the medium brush to paint on three coats of Carnation to the handle.

## TIPS

- The harder you push on the brush, the heavier the line will be. When you're using the liner brush, use the tip of the brush and very light pressure.
- Three coats of paint will help you achieve nice, solid colors.
